

REMARKS

This preliminary amendment is made in order to make a change to the claims such that the claims are not unnecessarily limiting as to where the driver-visible lines are located or reflected. Clear support is found in the specification for these changes (e.g. p. 3, "providing two lines in, on or near the windshield of the vehicle"; p. 4, "straight line of marks on a piece of transparent material"; p. 4, bottom, alternatives as to where the projection or reflection is formed; p. 9, "providing two driver-visible lines 2a and 2b in, on or near the windshield of the vehicle").

Favorable action is solicited.

Respectfully submitted,
